

Inaugural Singularity University South Africa Summit

The inaugural Singularity University South Africa Summit takes place on 23-24 August 2017 at the Kyalami Grand Prix and International Convention Centre in Midrand.

The Summit will explore how disruptive technologies drive change in a South African context, side-by-side with South African leaders, change makers, entrepreneurs and innovators. It will have speakers from across the continent and South Africa talking about the changes in the education, finance/business, medicine, automotive and energy sectors.

Mann Made Media will produce the Summit, in collaboration with sponsors Standard Bank, global partners Deloitte and strategic partners MTN and SAP.
