Dear Sir or Madam

GRAPEVINE COMMUNICATIONS

Grapevine Communications were retained by Alexander Forbes Risk Services from May 2000. We are delighted with the results that Grapevine have achieved since then.

Grapevine has steered us towards a more meaningful and sustainable communications campaign. This campaign has delivered a higher profile of our key executives and greater media exposure of our products and services.

Grapevine's hard-working service ethic is always evident and we have every confidence in their expertise in this field.

Yours sincerely

Steven Briers
